May we book your Golden Chain motel for tonight?

Monday	 Showers	15 / 28°C
Tuesday	 Possible thunderstorm	15 / 25°C
Wednesday	 Possible shower	12 / 24°C

Welcome to another day in Paradise!

Thoughts for today: There is no doubt that the first requirement for a composer is to be dead. -- Arthur Honegger
It's not true that life is one damn thing after another; it is one damn thing over and over. -- Edna St. Vincent Millay
I think on-stage nudity is disgusting, shameful and damaging to all things American. But if I were 22 with a great body, it

would be artistic, tasteful, patriotic and a progressive religious experience. -- Shelley Winters

The greatest challenge to any thinker is stating the problem in a way that will allow a solution. -- Bertrand Russell

Smilemakers for today: A blind man was describing his favorite sport, parachuting. When asked how this was accomplished, he said that things were all done for him: "I am placed in the door and told when to jump. My hand is placed on my release ring for me, and out I go." "But how do you know when you are going to land?" he was asked.

"I have a very keen sense of smell and I can smell the trees and grass when I am 300 feet from the ground" he answered. "But how do you know when to lift your legs for the final arrival on the ground?" he was again asked.

The man quickly answered. "Oh, the dog's leash goes slack."

GROANERS. Murphy said to his daughter, "I want you home by eleven o'clock." She said, "But Father, I'm no longer a child!" He said, "I know, that's why I want you home by eleven."

Q: Why do birds fly South? A: Because it's too far to walk.

Q: Why do hummingbirds hum? A: Because they don't know the words.

Q: Why can't you borrow money from a leprechaun? A: Because they're always a little short.

Q: How can you tell if an Irishman is having a good time? A: He's Dublin over with laughter!

Q: What's Irish and stays out all night? A: Patty O'furniture!

TRIVIA: The kiss that is given by the bride to the groom at the end of the wedding ceremony originates from the earliest times when the couple would actually make love for the first time under the eyes of half the village!

Barbers at one time combined shaving and haircutting with bloodletting and pulling teeth. The white stripes on a field of red that spiral down a barber pole represent the bandages used in the bloodletting.

Most raw fruit and vegetables contain no fat.

Apples contain a natural antiseptic (malic acid) that helps keep your breath fresh.

Broccoli and cauliflower is a mass of tight flowers.

Green beans, cabbage, cauliflower, celery, cucumber, lettuce, zucchini, onion, pumpkin, tomatoes are packed with vitamins and minerals but contain more than 90% water!

Why not....? Something to do today.... Visit the Old Temora Cemetery – the Friends of the Cemeteries

will take you on a walking tour, bringing "back to life" the people buried there. The stories are as fascinating as life itself and provide a rich insight into the early days of regional Australia. Or take a stroll through our shopping centred with its restored facades and some special surprises – like quality clothing at Rick Firman's Menswear or Sadie Michael's Salon.. Then there's White's Shoex with reputedly the cheapest R.M. Williams boots in Australia and personal fittings and advice like you used to get, or the special items at Deb's Jewellery. For something special try Living and Giving – just north of the newsagency – for some special treasures or visit Re-Connect – in Hoskins Street - they have a great range of electronic gadgets and games.

WD-40

I had a neighbor who had bought a new pickup. I got up very early one Sunday morning and saw that someone had spray painted red all around the sides of this beige truck (for some unknown reason). I went over, woke him up, and told him the bad news. He was very upset and was trying to figure out what to do. Probably nothing until Monday morning, since nothing was open. Another neighbor came out and told him to get his WD-40 and clean it off. It removed the unwanted paint beautifully and did not harm the truck's original paint job. I'm impressed! WD-40 who knew? Water Displacement #40. The product began from a search for a rust preventative solvent and degreaser to protect missile parts. WD-40 was created in 1953 by three technicians at the San Diego Rocket Chemical Company. Its name comes from the project that was to find a "water displacement" compound. They were successful with the fortieth formulation, thus WD-40. The Corvair Company bought it in bulk to protect their atlas missile parts. Ken East (one of the original founders) says there is nothing in WD-40 that would hurt you. When you read the "shower door" part, try it. It's the first thing that has ever cleaned that spotty shower door. If yours is plastic, it works just as well as on glass. It's a miracle! Then try it on your stovetop... Voila! It's now shinier than it's ever been. You'll be amazed.

Here are some of the uses:

- 1) Protects silver from tarnishing.
 - 2) Removes road tar and grime from cars.
 - 3) Cleans and lubricates guitar strings.
 - 4) Gives floors that 'just-waxed' sheen without making it slippery.
 - 5) Keeps flies off cows.
 - 6) Restores and cleans chalkboards.
 - 7) Removes lipstick stains.
 - 8) Loosens stubborn zippers.
 - 9) Untangles jewelry chains.
 - 10) Removes stains from stainless steel sinks.
 - 11) Removes dirt and grime from the barbecue grill.
 - 12) Keeps ceramic/terra-cotta garden pots from oxidizing.
 - 13) Removes tomato stains from clothing.
 - 14) Keeps glass shower doors free of water spots.
 - 15) Camouflages scratches in ceramic and marble floors.
 - 16) Keeps scissors working smoothly.
 - 17) Lubricates noisy door hinges on vehicles and doors in homes
 - 18) It removes black scuff marks from the kitchen floor! Use WD-40 for those nasty tar and scuff marks on flooring. It doesn't seem to harm the finish and you won't have to scrub nearly as hard to get them off. Just remember to open some windows if you have a lot of marks.
 - 19) Bug guts will eat away the finish on your car if not removed quickly! Use WD-40!
 - 20) Gives a children's play gym slide a shine for a super fast slide.
 - 21) Lubricates gear shift and mower deck lever for ease of handling on riding mowers.
 - 22) Rids kids rocking chairs and swings of squeaky noises.
 - 23) Lubricates tracks in sticking home windows and makes them easier to open.
 - 24) Spraying an umbrella stem makes it easier to open and close.
 - 25) Restores and cleans padded leather dashboards in vehicles, as well as vinyl bumpers.
 - 26) Restores and cleans roof racks on vehicles.
 - 27) Lubricates and stops squeaks in electric fans.
 - 28) Lubricates wheel sprockets on tricycles, wagons, and bicycles for easy handling.
 - 29) Lubricates fan belts on washers and dryers and keeps them running smoothly.
 - 30) Keeps rust from forming on saws and saw blades, and other tools.
 - 31) Removes splattered grease on stove.
 - 32) Keeps bathroom mirror from fogging.
 - 33) Lubricates prosthetic limbs.
 - 34) Keeps pigeons off the balcony (they hate the smell).
 - 35) Removes all traces of duct tape.
 - 36) Folks even spray it on their arms, hands, and knees to relieve arthritis pain.
 - 37) Florida's favorite use is: "cleans and removes love bugs from grills and bumpers."
 - 38) The favorite use in the state of New York -- WD-40 protects the Statue of Liberty from the elements.
 - 39) **WD-40 attracts fish.** Spray a LI TTLE on live bait or lures and you will be catching the big one in no time. Also, it's a lot cheaper than the chemical attractants that are made for just that purpose. Keep in mind though, using some chemical laced baits or lures for fishing are not allowed in some states.
 - 40) **Use it for fire ant bites.** It takes the sting away immediately and stops the itch.
 - 41) WD-40 is great for removing crayon from walls. Spray on the mark and wipe with a clean rag.
 - 42) Also, if you've discovered that your teenage daughter has washed and dried a tube of lipstick with a load of laundry, saturate the lipstick spots with WD-40 and re-wash. Presto! Lipstick is gone!
 - 43) If you sprayed WD-40 on the distributor cap, it would displace the moisture and allow the car to start.
- P.S. The basic ingredient is FISH OIL.

Jeff's wife says.....
